

TOILETING

- Toilets will be kept visibly clean. Toilets should be separate from children's activity area.
- An adult will accompany children less than 5 years of age who require assistance.
- Toilets will be adapted for independent use by the child. A non-slip plastic step and toilet seat adapter with a non-porous surface, easy to wash and sanitize daily.
- Teacher/assistant will clean and sanitize the toilets, step stools, toilet seat adapters and other surfaces used by children.
- Teachers will monitor toileting areas on a daily basis to ensure proper hand washing and cleaning procedures are followed.
- Staff will wear gloves then follow hand-washing procedure.
