

Good Afternoon Families of Kids Central, Inc.,

First, the Senior Management team at Kids Central would like to wish all our children and families a happy and safe holiday season. We are constantly amazed at your dedication and perseverance of ensuring your infants, toddlers, and preschoolers are receiving critical early education services. Without your partnership our program cannot succeed, so our thanks to all those involved in this process.

Second, while none of us would chose to move our program into virtual services, due to the spiking number of COVID-19 cases in our region we have decided to move all our program options to virtual only during the holiday season. This means that beginning November 30th and continuing through December 18th, all services provided by Kids Central will be virtual. Kids Central will be closed from December 21st to January 1st to allow staff to celebrate the holiday season with their children and loved ones. If COVID-19 numbers or any new regulations put in place by state or federal government allow, Kids Central would reconvene face to face services on January 11th.

Lastly, while our services may be virtual our program support team is still here to assist families with any resources they may need during this time. Our family services team of Lisa Bentley ext. 118 or Candice Pierson ext. 107 may be reached through phone call or email (found on our website) for any families needing assistance. Thank you and Happy Holiday!

Sincerely,

The Senior Management Team
