

HEAD LICE POLICY

Kids Central, Inc. will not allow children to attend class with Head Lice or nits. Parent/Guardian will be contacted very discretely regarding their child/children having Head Lice and parent/guardian must pick up their child. The child may return to class after being treated and no nits or lice are present.

Information will be given to parent regarding treatment. If parent desires they may contact the health manager at (276-679-7801) ext. 102 for questions or assistance.

1. Teacher/Assistant will notify parents very discretely and have them pick up their child.
2. Inform parent that the child may return when the child has been treated and no lice or nits are present.
3. Inform parent that Medicaid will pay for the treatment if they choose that method. Offer procedure on removing lice and nits manually.
4. Exposure notice sent home.
5. When child returns, check hair to make sure all lice and nits are gone. If you have a question contact Health Service Office for advice.
6. Close House-keeping area, store stuffed animals in a plastic bag (tied), vacuum carpet and wash towels, mats and etc. with hot soapy water. Bus seats should be wiped with hot soapy water.
7. No Pesticide spray will be used in center with children present.
8. Continue checking whole class daily.
